At Dillweedz Café we strive to offer our Guests a friendly, casual atmosphere and fresh oversized portions – with a twist! Where else can you get a Perfect 10 and a Hot Chic to go?

Whether it's a huge made to order Panini on fresh baked bread and a bowl of homemade soup or a classic sandwich on whole wheat bread and a made from scratch chocolate chip cookie, we have something for everyone.

Now the name may imply the opposite, but we try to have a smart approach about the way we treat the planet. We are continually seeking ways to improve our environmental impact. Partnering with local vendors, recycling, and the use of some interesting eco-friendly products are some of the ways we try to reduce our footsteps.

No, you can't eat the silverware made of potatoes, or the cup made of corn, but those along with the soup and coffee cups and several other products are 100% compostable! They will be gone from the planet in 60 days, so please help by consuming responsibly, recycling and using eco-friendly products.
